FIRST COMPLETE DRAFT OF NEW TROLLEY BILL

Emergency Measure is Designed to Enable Cities and Towns of County to Operate the Berkshire System Should Private Management Again Fail

(Special to The Transcript.)

BOSTON, Tuesday, May 11.—A bill was introduced in senate and house in Tuesday morning's session of the legislature by request of the Springfield Street Railway company, which company is now in a receiver, has been proposed by the Springfield Chamber of Commerce and is pending in the house Monday.

The bill calls for an emergency measure, which is necessary because of the present condition of the Springfield Street Railway company.

Section 1.—The city of Springfield and any other cities and towns in Hampden county may, if the present system of operation of the Springfield Street Railway company shall fail, or be in danger of failure, or shall be in receivership, or be operated by a receiver, or be operated by a receiver, or be operated by a receiver
